

THE ADVENTURES OF GO GARY

@GARYSEASTCOAST

Gary loves to make friends while fixing the big appliances you see at your favorite restaurants, and even at your school!

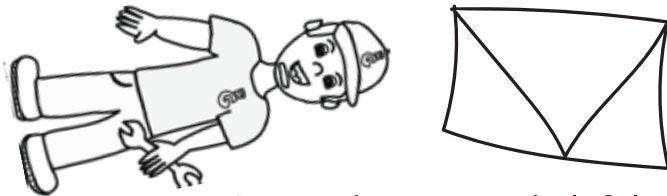

He is always happy after he completes a repair because these appliances cook food for everyone to eat and enjoy.

Besides repairing cooking appliances... eating is Gary's favorite thing to do!

Gary is always looking for new places where he can eat. He loves to meet new people and learn about where they come from. It can be quite an adventure!

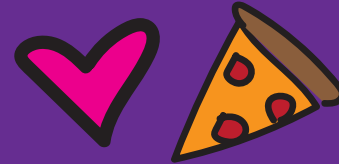

There are so many people to meet, restaurants to try, and adventures to go on... that he would never be able to do them all. So, Gary came up with a brilliant idea: become *To-Go sized*!

Being To-Go sized is quite a helpful thing. He can travel in the mail and even visit you through the internet! Now he can meet tons of people all over the world, try new foods, and fix their big cooking appliances!

Go Gary is on a mission to go on adventures with as many friends as he can, but he needs your help!

Bring Go Gary to life by coloring him in, cutting him out, and bringing him to share your favorite restaurant's food. Whether you visit the restaurant or enjoy your meal to-go, Go Gary would love to share a meal with you! Afterwards, send him along to your friends & family for his next adventure!

Ready Made Go Gary Available Too

Go Gary loves pictures! Be sure to take some and post them on Social Media.

Don't forget to tag @garyseastcoast and the restaurant too!

Go Gary can travel via the internet, mail, or digital download!
